## *"Tearin` It Up" 2026-2027*

**The Maple Blues Revue continues a touring agenda through 2026 into 2027. The dynamic presentation rebranded as the "Tearin` It Up" tour is built around the Maple Blues Band`s instrumental music augmented with stellar performances by world class vocalists Jay Douglas, Samantha Martin and Suzie Vinnick**

**The Maple Blues Revue is an a continuation of The Maple Blues Band`s role that provided the musical landscape for The Maple Blues Awards from 1999 until their departure in 2023 to pursue a new career chapter as a touring and recording act. A version of MBR in the early 2000`s featured vocalists Chuck Jackson, Dawn Tyler Watson and the late John Mays. The Live At Twisted Pines recording on Preservation Records documented that period of the groups history. The last show of that rendition took place at the Aurora Winter Blues Festival in 2016.**

**The Maple Blues Band continued with instrumental shows at festivals and theatres. The four track EP, Instramentalz and the full length Cordova Bay Records release Let`s Go demonstrated a strong force of composition.....the result.....high energy original music.**

**Under the musical direction of bassist/band leader, Gary Kendall, it`s a new era and a new approach to touring for The Maple Blues Band`s Maple Blues Revue.**
