

The Gary Kendall Trio

Featuring: Teddy Leonard & Tyler Burgess

“Get ready, this hot little three piece is on the move”

After the first gig in June, 2023 it was obvious that The Gary Kendall Trio had something, something to develop and take to another level. It sounds right, feels right and looks right.

The band has now become a fixture on the southern Ontario blues circuit with regular rehearsals on the agenda to develop the show and new compositions. Recording this new music is in the game plan for the future.
